

The WSP Notice of Arrest (NOA)

Benefits of reviewing the Notice of Arrest:

1. Check the accuracy of submitted arrest information
2. Verify a person's identity based on fingerprint comparison
3. Locate outstanding warrants or protection orders the individual may have

When a law enforcement agency submits a criminal arrest fingerprint card to the Washington State Patrol (WSP) the contributing agency is furnished with the individuals assigned state identification number (SID) after fingerprint identification of the individual

Also, a wants and warrants check is performed to locate any warrants, protection orders and other records from the Washington Crime Information Center (WACIC) files

The notice of arrest may be furnished by e-mail or telecommunications system (ACCESS)
